“ What a wonderful lady Betty was. Am so glad that we were blessed to have had her touch our lives. She knew what the word "friend " really meant. Through good times and bad times she would be there. We will miss her dearly and hold on to the great memories that we shared. Deepest sympathy to the family.##imported-begin##Sharon Doxtader##imported-end##

“ *Granny is the most wonderful, loving person you'd ever meet. She took me under her wing when my mom, her daughter, died when I was 9 and raised me like her own son. I never did without even though we never had much. I always thought she would outlast me because of her toughness and that is how I wanted it. She had a tough last couple of years and she was ready to go. She passed in her sleep and now she is pain free. We all have to move on not without her but with all the happy loving thoughts she as givin so many people. It will be hard saying good bye to the one person who has always been there for me no matter what, but I know she is happy and wouldn't want anyone to fuss over her. I love you Granny and I am so glad I moved next door to be with you these last three years. I just wish I'd done it sooner. I'll miss you.##imported-begin##Michael Lee Paholak##imported-end##*
