“ Mrs. Foster was a very sweet person and I have very good memories of her as a caring teacher. I admired her grasp of the French language and went on to teach my own children a little French I learned from her. Her English & French classes are still vivid in my memory and her kind attitude and amazing patience are not forgotten. I am saddened at her passing and would like her family to know I appreciated her. Christine Cages '68##imported-begin##Christine (Wood) Cages##imported-end##

“ I was very sorry to hear that Beverly was ill, and even sorrier when I read that she had died. Please accept my condolences. Beverly was my colleague and my mentor during the beginning of my teaching career. She spent a good deal of her time teaching me grammar and how to teach it. She had so much patience with my countless questions and she never made me feel stupid for asking for her help. I will always have warm thoughts memories about Beverly and all she did to make my beginning years as a teacher better. She was a great lady! All my best, Beth Chapo##imported-begin##Beth Chapo##imported-end##
