“ Sherry was there when I was in labor with her first grandchild from her son Michael. I had back labor. I remember that she was on my right side rubbing my back and my mother was on my left side. My sister Sherry was sitting at the foot of my bed laughing at me and a nurse came in and said everyone needed to leave. I looked at the nurse and said no you have to leave. To make a long story short. My doctor ordered the nurse out of my room. I would do anything to have my mother and Sherry back. I loved them both very much.

“ I am so sad to hear of Sherry's passing. We were childhood friends and lived next door to each other until she got married. We used to walk in the field to visit each other, and when we got older we would walk to the lake to swim. I have many fond memories of her and her family Clint was my bus driver, Blanche laughed with us, Larry used to tease us, to Ernie we were just pests! RIP my friend. Only wish we could have connected in our later years.

Also very sad to have lost a childhood friend. We spent many hours together and went to school from K-12. Have looked on FB many times to try to reconnect, sorry didn't try harder. RIP friend.

I am so saddened by this news. Sherry and I grew up together. I didn't live as close as Ruth and Julie but we all went to school together at Frost...we had so much fun as kids. I have many fond memories of her and her brothers. I went to church with Blanche. R.I.P. my friend,

Sherry was the best mother-in-law that you could ever ask for. If you needed a shoulder to cry on she was there for you. She loved her grandchildren and her grandchildren have fond memories of their grandmother. There is no way she could be replaced and I wouldn't want to. I would call her weekly, just to see how she was doing. I just wished she would of shared her medical problems with the family. We loved her so much and it's been hard not to call and talk to her. Rest In Peace.
