“Debbie has been my neighbor for almost 40 years... Her passing has really touched myself deeply as i have so many great memories from when myself and my Brother's grew up with her kids Rodney, Stacy and Steven...

Have so many memories that I will cherish the rest of my life..

Remember in the 80s how she would take us all to school and we would fill her station wagon... The school board cut funding and we had to walk a ways to the new bus stop... And of course Debbie didn't like that, so she would take all us in her wagon to and from school till the school bus returned to normal routes and pick us up in front of our homes...

Debbie was an Amazing Mother, whom raised very successful kids, who are now adults...

After I found out she was fighting cancer I would always call and visit with things to brighten her day... She was very strong and always said she was doing ok...

She was a sitter for myself and my twin brother Shane when we were kids while my Mother attended college.... She was always good to us; even though us Page Twins always managed to be troubled boys and miss-behaved....

Before my Moms passing, she would always check on my Mother to make sure she was okay...

Debbie always put others before herself... Will miss walking by her home to see her reading in the living room... Will miss the times we visited or the times we would talk on the phone...

Living across the street in this subdivision we always looked out for

each other...

Have so many Wonderful Memories and a Picture of us together, which we took at her house while she was fighting cancer...

She touched so many lives and was a very hard worker.... She always had 1 or 2 jobs at a time... Would always go to the Wal-Mart outdoor center to see her, untill she couldn't work anymore...

Could go on forever with stories... But one thing I know is she was a strong independent woman who never gave up and faught her illness to the end... 'Her Children and Grand Children were always a big part of her life and she was very proud of them all...

God Bless You Debbie... You now have no more pain... You faught your illness to the end... You never gave up... Rest now Debbie as I know you are in Heaven watching over us all....

You were more then a neighbor, you were you were always like family....

Miss and Love You...
