“ I will always remember playing golf barefoot with Don. Must have played a hundred rounds together. He was just a real guy who was humble and would do anything for you.

“ I have many memories of Don at the golf course. Years ago when my son was a teenager, Don and my son golfed together frequently --- barefooted!! And they walked , of course. You could always spot Don from afar, as he had a unique physique, tall, slender, and a particular posture. In the clubhouse, he would frequently pick up Joan's guitar and play and sing --- always wanting anyone around to join in the singing. And I will probably never see a Three Musketeer candy bar without thinking of Don!! I will miss you, Don, but hope to see you on those fairways being prepared in Heaven.....
