“ Doris and I worked together at:-) Clare Hospital when she was a nursing assistant. She was wonderful with all her patients but the ladies especially enjoyed her taking care of them. Several times I walked into a room where Doris had been helping a female patient with her morning bath. She always gave them very special care and even went to the point of helping them comb their hair apply make up and any other things that she could do to make them feel better. I always loved seeing the beautiful smiles on the faces of the ladies that she cared for.It is something I will always remember and Doris and I worked together in the 1980 s.She was avery special caregiver.

“ *You were my mother and my best friend mamma. So faithful to God, and you always were there for us there was no greater love than what you shared with us and others. Always encouraging us and others to turn to God before it's too late. You raised us on your own mamma, you were the strongest and most loving woman I know. I hope I can be even half the mamma you were. You loved wandering in stores and striking up a conversation with total strangers you shared your love in so many ways. Until we meet again mamma I love you always and forever, forever and always*

“ Mom, you will always be in my heart. You were a wonderful mother and friend and will be missed greatly. I will miss our phone calls, letters, and cards. I did not get to say goodbye, tell you one more time that I loved you, or give you a hug but I know you understand. I am with you now in my thoughts and prayers. Your loving daughter, Karen.
