“ Garry,

I am so sad to hear of your passing. You were always the biggest and strongest Pawloski. You used that strength to raise two great boys and battle all that life threw at you. Now you can use that strength to guide us. When I saw you on Wednesday those Pawloski blue eyes still shined brightly but were questioning why this was happening to you. Now you know, you have peace, and you are there to protect all of the Pawloskis that have gone before you. I still have the great drawing of the "hot rod" that you made for me when I was a kid. Your drawing and design skills helped me to consider a career in engineering.

*Love,
Curt Pawloski*

“ *Dad your battle is now over, no more tears flowing down your cheek, no more pain, no more suffering, now you are no longer weak. I still do not understand why this happen to you, but I am proud to say you are our dad, the greatest man we knew. Although you will not be waling beside us, but I know you will be beside your family with a smile. You were always there for us and never once made us cry, until the day you closed your eyes and had to say goodbye. Now you are an Angel, so spread your wings out wide, please wrap them around us whenever you see us cry. Our time together was memorable and God took you way to fast, But the most precious thing to me was you being there for our first breath, and for us to be there when you took your last.*

Love you Dad your two boys
