“ It has been a little over 6 months since we said good bye to you and I miss you just as much now as I did the day you went away. Things are hard but when I'm having a bad day I remember your laugh and your smile. The way that you could make us feel safe with just a hug and a "It will all be ok". I know you are watching down on us and I hope I have made you proud. I love you Jason and I miss you more than anyone could imagine.
