“ ... *"Life is what happens to you while you're busy making other plans"*
"Beautiful Boy"
by John Lennon

Collectively our lives were not on easy street but somehow we muddled through. My earliest memory of John going to kick some boys ass at the playground who was harassing me, only to find the boy gone. Riding horses, then just going to the grocery store...women flirting with him (in produce~ really !?) But what I'm most proud is how we (John, Donna, Michael (Nora) Skip, came together to care for dad before his death 25 years ago.

My love and thoughts of John and to you all.

When I entered this life - you were there.

When the wood sled was too heavy for me and I wanted to ride - you were there.

When I was learning how to do chores - you were there.

When I was frightened of school buses, school and bullies - you were there.

When fresh fallen snow meant a gift from God to earn much needed money - you were there.

When I had to learn how to fight for myself - you were there.

When I wanted someone to play catch or snow football - you were there.

When I needed something fixed - you were there.

When I failed at life - you were there.

You, my big brother John, and I never told each other we loved each other. We did not need to say those words as we knew it deep within our souls. My final request is for you to save a place for me as I will be seeing you soon.

Love,

Robert (Skip) Kegg
