“ We were very sad to hear of "Digger's" passing. He was a wonderful guy and a great friend to my family through the years. Great memories of hanging out at the Liverance house and 'watching the phone'. He will be very much missed! Love to all of you --

“ Dear Liverance Family - I would like to send my heartfelt sympathies to all of you on the loss of such a wonderful, caring man as Keith! I will never forget all the kindness he & Karen showed us during the loss of my dad in 1990! You made us feel like we were part of your family! Although I was too young to have remembered, I have heard such wonderful stories about how Keith and Karen helped my family through the death of my brother also! I know that there are happier stories of times spent between Keith and Karen and my parents and were talked about often. Please know that I am thinking of all of you, and I hope that the great memories you hold in your heart help you through this difficult time, and that you know how many lives Keith touched and how much he was loved!##imported-begin##Amy (Dare) Smith##imported-end##

“ As a child, there were 2 men who influenced me in ways that were so profound, but would not be realized until I was an adult. My own father, gentle and of few words, was my touchstone and pillar who guided me silently and was always a source of support and strength. My father was my soft place to land. The second was Keith, who was a man of many wise words and a calming presence. He wore his emotions and lived his convictions and took care of everyone who happened into his realm. Lisa and I were Lucy and Ethel, and every adventure was like a trip through the candy factory! Always, in every task, journey or, frequently, a fiasco, was PapaBear Keith looming over waiting at the ready to save us should we need it. We were protected and guided and frequently, lectured-- but always in the most well intended way. To know Keith was to know a beautiful spirit, with a zeal for life and a commitment to family, friends, and community. He will be missed, but through his grandchildren, his legacy continues. May faith and memories sustain Karen and family in these challenging days.##imported-begin##Marcia Gamber##imported-end##

“ Dear Liverance Family, So sorry to hear of Keith's passing. He was one of the "good ole boys" from Fowlerville and we seem to be loosing so many of them and recently. Keith is and like my Dad in a more peaceful home along with their past family members and friends. Their new home is where there is no longer the suffering, it cannot be entirely discribed in words just keep the faith that one day we will all meet again up again with our precious Heavenly Father. I will never forget when our oldest son was in a body cast at age 7yrs. (hip disorder called Perthes Disease) and he was having problems watching Tv flat on his back so between Keith and Dad they came up with the idea to put Tommys Tv up on a tall metal plant stand from your Funeral Home. What a great idea and along with the dozens of videos that others donated, it worked out great. Thank you for your loved ones kindness and generosity, my son who is now 28yrs. still remembers the stand and where it came from...smile Stop in sometime Karen and visit with Mom , she loves bingo and the Casino.
