“ Just wanted you to know that you mean a lot to Alan and I and our kids. Alan will never forget all of the times that you two spent working endless hours in your garage working on one car right after another. We will cherish the memories of our trip up north to that littly crappy cabin I found, our weekend up to the property, the weekend at Houghton Lake, our trip to the Dixie Stampede and all of the games of cards that we really enjoyed. I also want you to know how much I appreciate all that you have done for all of us kids, grandkids and for mom. We all knew that no matter what, if we needed something or just wanted to visit we could call you and you would be there. Life seems to throw all kinds of things at us that we could never be prepared for and loosing you was definetly one of those things. We will miss you more than you know. We will watch over mom and help her in any way we can as we know you would want us to. We will hold you in a very special place in our hearts now and forever as no one could ever even come close to being all that you have been to us. We love you and know that you will be watching over us forever.##imported-begin##Jessica & Alan Cline##imported-end##
