“ I just heard this sad news; I had been trying to get in touch by email and phone calls since I sent her a birthday card in July which she usually respnded to but hadn't this time. I worked with her at MSP, Office of Highway Safety Planning the entire time she worked there. In fact, she was my supervisor for a while. We became very good friends who always kept in touch even when she moved to California and then back to Michigan to Farwell. She visited me here in Lansing when she was down this way; we'd have lunch. My sincerest regards to Rick and Chelsea; she spoke of them often. I will miss her dearly. My dear friend .. may she rest in peace.##imported-begin##Sandy Bennett##imported-end##

“ Priscilla was a dear neighbor. She was a kind soul and a Vermonter through and through. We were always comforted when we saw each others house lights through the woods, especially in winter. I enjoyed visiting with her over a cup of tea and Charles valued her opinion in White Birch matters. She fought admirably through a long illness and always kept the hope of coming back home. We will miss her, but know her burden has been lifted, and she walks with God.##imported-begin##Charles & Rebecca Hastings##imported-end##

“ Priscilla was my dear friend, neighbor and most importantly, my spiritual sister. We studied the Bible together. I truly enjoyed our careful research and thoughtful discussions. Priscilla took nothing for granted. She was not swayed by personal opinions, but was always a careful listener. She chose to dig deeply, ask questions, carefully consider her findings, and come to her own conclusions. She was a strong, kind, intelligent, and just person. I admired her tremendously and look forward to the day I will see her again.##imported-begin##Christine Palitti Bailey##imported-end##

“ What pleasant memories of working with Priscilla on Highway safety issues. Remember the travels with her with other staff in and out of state. I'll always have fond memories of Priscilla.##imported-begin##Robert W Groner##imported-end##
