

Robert "Bob" Guiliani

July 30, 1945 - April 22, 2023

Robert "Bob" Guiliani, age 77 of Clare, passed away Saturday, April 22, 2023, at home with his wife Linda at his side after a long bout of Cancer. Bob was born the son of Bernard and Alice (Mish) Guiliani on July 30, 1945 in Norway, Michigan. He was a graduate of Norway High School, and received his Bachelors Degree in Chemistry from Michigan State University and his Masters Degree in Chemistry from Northern Michigan University. He was united in marriage to Linda Bentley in August of 1980. He had taught Physics and Chemistry at Byron High School for ten years. He moved to Clare in 1979 and purchased Guys and Dolls Photography in 1980. He and Linda worked together at the studio for the past 42 years plus; in the early years they had photographed eleven schools, he always enjoyed working with the kids and their enthusiasm. Bob was a member of the Lions Club, a Past President of the Clare Chamber of Commerce and the Photographer for the Clare Fire Department. He had been the Past President of the Northern Michigan Professional Photographers, MidMichigan Professional Photographers, and the State Professional Photographers. Bob was invited to join the Michigan Photographers Society; he had received many awards and was published many times for his photography. He was selected to receive a National Award for Professional Photography and had taught Photography at Mid Michigan College for 40 years. Bob was also a member of the Central Michigan Daylily Society for several years. Bob's love for photography allowed him to travel and experience nature through the lens of his camera. He enjoyed playing the

Accordion, the joys of gardening; but just being at home in the woods by the river was his greatest pleasure.

Bob is survived by his wife Linda; his sister Alice VanEyck and several nieces, nephews, great nieces and great nephews. He was predeceased by his parents, two sisters Joyce and Kay and a brother Roy.

A Celebration of Life visitation will be held at the Clare Chapel of Stephenson-Wyman Funeral Home on Saturday, May 6, 2023 from 1 to 4 P.M. Memorial contributions are suggested to the Clare Fire Department, the Pere Marquette Rail Trail Completion of the Mid Michigan College Photography Department. On-line condolences may be left at www.stephenson-wyman.com

“ Certainly saddened by Bob's passing. He was a most enjoyable friend, a wonderful Mid colleague - and of course a fellow unabashed “Uper”. He provided the definition of a totally positive person marveling at life's many wonders. A person of astounding talents, endless enthusiasm and tireless energy he will be missed by his students, the College, our community and his many friends. Linda, our heartfelt condolences,

“ Linda, so sorry to hear about Bob’s passing. He left such a legacy with all of his beautiful photographs and I’m fortunate enough to have some of those in my home with all the portraits he did of my kids through the years. I also enjoyed the photography classes I took with him as instructor. He was so kind, patient and enthusiastic. You and Bob were such a great team. My heart goes out to you. He will be missed by so many, including me.

“ *Bob did my senior pictures. I also remember doing pictures of my daughter and niece with live rabbits around Easter time a couple years in a row.*

Bob was such a great photographer or community lost a great person who will be deeply missed. The pictures he took of our community things that went on will be always on some of our minds.

*So sorry for your loss Linda and family.
RIP Bob*

So sorry Linda for your loss.

“ Bob Guilliani has been my sports photographer since my days as an athlete in school sports. He continued to take my team pictures throughout my coaching career, capturing many special moments for me. I would often see Bob at sporting events in Gladwin, Fulton, and back in Gladwin, and we would chat about our sports teams. Recently, when I attended a training class on drones at mid-Michigan college for a broadcasting program, Bob was the instructor and shared many great ideas with us. True to his kind nature, he later sent me a letter with a picture of myself and a few students I brought to the class. As the fall approaches, it will feel strange having someone other than Bob take my team pictures.

“ Bob was my photography professor at Mid. He was such a light to be around and always so positive and excited to show us new material. We had no idea he had been battling cancer as he never complained and was always upbeat working with us. What a huge loss for not only Mid, but everyone who knew him.

“ So sad to hear of Bob's passing. I was working for Guys and Dolls Photography when Bob took over the business. I continued doing art work, calligraphy, dark room, matt cutting and sporting events for school yearbooks for Bob and Linda for many years. To be the first one to see so many beautiful images he captured over the years was special.

“ Bob and Linda took me on the photo-shoot trip of a lifetime in late September of 2003 to the Grand Canyon. We spent five days and four nights together in one of the most majestic settings in the world.

Before daylight on the third morning, Bob was already setting up his tripod cameras. He had timed the trip and our location for the capturing of a celestial event, something he seemed a genius at always anticipating and planning for. He was blessed that morning with a light blue sky. As the sun rose in the east over the Clear Creek Trail, a large full moon was descending but still high above the trail to the west. Bob waited for the precise moment when the angle of the sun above the horizon was matched by that of the moon over the west trailhead. And then, he was like a little kid in a candy shop, laughing with delight (that giddy laugh) as he took shot after shot with wide-angle lenses. The photo he finally selected for reproduction is something that has been viewed all over the world, like so many other photos he captured of nature at its most glorious moments. Needless to say, Bob's perspective about life and the photo legacy that displays it all, lives on for a very long time into the future. Possibly, it is a contribution to the world that has the potential of being eternal.

Dawn and I send our condolences to Linda for her loss. Bob was a good husband and a good friend to hundreds of people. We will miss him very much.

“ I’m so sorry to hear this news. Bob was an incredible person, he always encouraged his students to see the best in their work and supported theatre at MMC. He was a community contributor through his photography and presence. Our communities will feel a hole without his smile, his wit, his yoooper accent slipping out occasionally and he would grin large as he was so proud of where he came from. God speed my friend and prayers of comfort for Linda and family. Bob will be missed and I’m sure he is snapping fantastic pics in glorious heaven.

I am so sorry to hear about Mr G. He was my science teacher in high school and he was one who truly cared how his students were learning and understanding what he taught. Great sense of humor and quite the prankster. A teacher who could be the class clown at times. I remember seeing him in fields taking photographs in early misty or icy mornings before he left teaching. I am friends with Janis and came to your house with her after you guys had moved to Clare in the middle of the night. Always thought of you guys when I drove by Clare. I am heartbroken for you Linda and everyone who knew and loved him and each of us that he touched our lives in some way. May God bless you and keep Bob in his arms until you are together again. Sending love and prayers 🙏🙏❤️❤️

My sincerest condolences to Linda and their family. Bob was an immensely talented person but more importantly, he unselfishly shared that talent with all of us: his family, friends, clients, colleagues, and students. He has left a void in the Mid Michigan College family that cannot be replaced, but his life will continue with us through his beautiful photography.
