“ So sorry to see this, Roger was one of my favorite “Bell” people. I worked in the business office and dealt with customers who had to pay dearly for new service due to their location! My favorite saying of Roger's when he would give me the billing amounts were “Guess they shouldn't have built in the middle of nowhere”! But was really always willing to help customers get service as soon as possible! A real good guy, my sincere condolences. Kay Lake
