“ *My dearest sister, this is too hard for me and it almost seems unreal that your life was cut so short, i'll always remember the fun times we shared and what a great big sister you were to me, you were such a loving person. we did so much together, you and i were so much alike. You we're always with me and my kids and i know your spirit is with us, we loved you so much and i still keep your necklace with me that you gave to me and i will cherish that, you had such a big heart. words can't describe how difficult this is for me. love you always and forever my sweet loving sister.*

“ *Ruthann, I had the Great honer to spend time with you while living here in Michigan. As your brother In-law we bonded through all our long conversations we have had on life. We shared a special relationship and had a true understanding of each other. You lived your life with compassion for others and your heart was big. I feel in such a large family you were the one that I connected with the most. Still so hard to think I will not see or talk with you again but I know you are still with us everyday. Your loving Brother In-law Wayne Gierum*

*I agree with you all the way Steven krappe .it was absolutely horrible the medication and life support. She didn't need to be taken off like you said it was only a week . They treated her like shit.*

*Thanks Wendy! I appreciate you so much! I've always been the outcast and I actually prefer it lol. Those people are toxic and wiping them out of my life was the best decision ever. I hope you're doing well and always know I love you very much!!*

“ You were always one of my favorite aunts, I'll always remember you as being such a loving person and someone who would give the shirt off their back, It seems like yesterday to me when you would take me places or out to breakfast and treat me as your own son. You would always give me a big hug and you always cared about me growing up. I'll never forget about you Ruth and this is too hard on me to know that I'll never get to see your smiling face but I know you'll always be with me in my heart. Love you always :'(
